Happy New Year!!

The New Year is being welcomed by many after the challenges that we have all endured in 2020. Let us pray we see some relief from COVID as the world begins getting vaccinated! Valley View should be getting vaccinated in the coming weeks. If you have not yet returned the COVID-19 Vaccine consent form, please do so. We will need this prior to our clinic days.

Santa came to visit last month. It was so nice to see the joy that it brought to the residents. We are so blessed to be apart of the Greene community. The generosity of prayers, kind words, gifts and treats were greatly appreciated. We also had several businesses and people outside of Greene bring gifts for the staff and residents. We would just like to say Thank you to everyone!!

In anticipation of our annual State Survey within the next couple of months, we are cleaning out resident rooms. Any snacks should be stored in an air-tight container or taken to the kitchen to serve as snacks. All resident clothing should be marked and placed on the resident inventory sheet. Any soaps, shampoos or lotions should be marked and stored in the shower room. Anything that is medicated (even over the counter) cough drops, eye drops, shampoo, creams, vapor rubs etc. must have a doctor's order. To protect all the residents, do not bring anything with a sharp edge in.

*** Please help us by bringing any items to be marked or checked to the charge nurse. The *Fire Marshal will survey us also. All hair sprays etc. should be non-aerosol. We are not allowed to have power strips or extension cords, so**

these will be removed, and a call placed for you to pick them up. All electric appliances must have cords that are not frayed or torn.

Therefore, if anyone is in Christ, he is a new creation; old things have passed away; behold, all things have become new. 2 Corinthians 5:17

Wishing you all a Happy New Year
